This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

PREFACE.

The Lydlinch Registers commence with a volume of sixty-seven parchment leaves, measuring nine-and-a-half inches by six inches, with a fly leaf at the beginning and the end, which is a fragment of a MS. mediæval treatise on moral questions. The book has lost its cover.

The first page is entitled "The Register Booke of Lydlinche, of all Weddinges, Christinings & Buryinges begynninge yn the yere of or Lord 1559," and it runs on continuously from the date of the first entry, 28th Dec., 1559, to 1st March, 1712, the baptisms, marriages and burials being entered together consecutively in order of date.

The long incumbency of Melchisedec Waltham extended from 1619, through the Great Rebellion, till his death in June, 1685, and the Register was well kept during all that period of 66 years.

The earliest pages are a transcript, and every page to 9th Oct., 1598, is signed by " Tho. Forward, W Jo. Claver, ⊥ Ry. Kydle."

Tho. Forward continues to sign, with other Churchwardens, till 5th April, 1605 ; then Ada' Wilson ꝑson 9th March, 1605-6 to March, 1611-2, and Melchisedec Waltham, Rector, 4th January, 1619-20, to 18th March, 1683-4. Then follow John Douch, Rector, 1685-1699, and John Combe, 1699, to the end of the book.

No. 2 is a folio volume of parchment leaves, bound in rough brown calf. The entries are written on twenty-five leaves, which are followed by a few blank leaves.

No. 3 consists of certain paper leaves, folio size, printed with forms for banns and marriages, roughly stitched together in a piece of parchment to serve as a cover. There are six leaves, containing fifty-five entries of marriage, and one cancelled entry which is repeated.

No. 4 is a thick folio book of paper leaves, bound in rough brown calf, with printed forms for marriages at one end, and banns at the other. It is entitled "The Register-Book for Marriages in all Parish Churches and Chapels . . . By T. Lowndes, No. 77, *Fleet Street*, London, 1776." Ten pages only are occupied with entries of marriages, which begin in 1777. Of Banns there are only three entries, 1777 to 1782.
